

HIS LAST DONATION IS TEN MILLIONS

John D. Rockefeller, Makes
Final Contribution to the
University of Chicago.

TOTAL OIL KING'S GIFTS AMOUNT TO \$35,000,000

Completes Task of Founding the In-
stitution and Turns It Over to the
People—Two Representatives On
Board of Trustees Resign as Mem-
bers—Withdraws from Control.

(By Associated Press)
CHICAGO, ILL., Dec. 20.—John D.
Rockefeller has completed the task he
set for himself in the founding of
the University of Chicago. Today public
announcement was made of a "single
and final gift" of \$10,000,000 which
includes all the contributions that Mr.
Rockefeller had planned to make to
the University. This sum, which is
to be paid in ten annual installments,
beginning January 1, will make a
total of approximately \$35,000,000 that
Mr. Rockefeller has donated to the
University.

Others Should Donate.
Mr. Rockefeller says he now be-
lieves the school should be supported
and enlarged by the gifts of many
rather than those of a single donor.
This he believes will be better ac-
cepted if the public understands the
limit of his contemplated assistance.
The founding of new departments
he leaves to the trustees as he says
funds may be furnished by other
friends of the University. Up to the
present time the sum of nearly \$7,
000,000 has been donated to the Uni-
versity in addition to Mr. Rockefel-
ler's gifts.

Young Rockefeller Resigns.
With the announcement of Mr.
Rockefeller's final donation came the
resignation of John D. Rockefeller,
Jr., and Fred T. Gates. Mr. Rockefel-
ler's personal representatives from the
University board of trustees. Includ-
ing the resignations, Mr. Rockefeller
acknowledged that he was only carry-
ing out a conviction that the institu-
tion should be controlled and sup-
ported by the people "with whom, up
to this date, he had been simply co-
operating."

Mr. Rockefeller's ideas, it is under-
stood, is that he is turning over the
institution and its endowment to Chi-
cago and the West and in so doing
withdraws from any further represen-
tation in its control.
The official announcement of the
benefaction was made at the quar-
terly convocation at the University this
afternoon. President Martin A. Ryerson,
of the board of trustees, read a
letter from Mr. Rockefeller in New
York which bore date of December
13, and was addressed to the presi-
dent and trustees of the University
of Chicago.

CAUSE OF DISASTER NOT KNOWN
Search Fails to Reveal Origin of Ex-
plosion in New York.
(By Associated Press)
NEW YORK, Dec. 20.—Searching
inquiry by three municipal depart-
ments, the coroner's, the district at-
torney's office and members of the
fire department failed today to throw
any new light on the causes of the
explosion yesterday in the substation
of the Grand Central station which
resulted in the death of ten persons,
the injury of more than a hundred
others and a property damage esti-
mated at \$2,000,000. Each investiga-
tion was conducted independently;
dozens of witnesses were examined;
every inch of ground about the scene
was explored again and again, yet so
far as can be told no headway was
made toward fixing the blame for the
disaster.

BONES FOUND IN ASHES

Negro Is Arrested on Charge of
Crime—Parts of Dead Girl's Cloth-
ing Found in the Accused's House.
Mother Away on Visit.
(By Associated Press)
RALEIGH, N. C., Dec. 20.—Last
night, between 8 and 9 o'clock, in
Granville county, near Hoster, there
was found in the ashes of a burned
house the charred bones of three peo-
ple, later identified as J. L. Sanders,
a farmer; his 20-year-old daughter,
Mattie, and his 4-year-old grand-
daughter, Irene Overton.
A blood-spattered well house, with
a knife beside it, gave the clue, and
this morning Nathan Montague, a
young negro of the neighborhood, was
arrested. In his house the bloody
skirt of the girl and other parts of
her clothing were found, with blood
and hair on the negro's clothes. He
was arrested by the sheriff of Dur-
ham county, taken first to Durham,
and then brought to the state's prison
in Raleigh for safe keeping.
Attended Hog Killing.
The negro had been working at a
hog killing in the afternoon, at which
the young girl also attended. The
evidence is that he went to her father's
house at night, killed the father
and little child by means unknown,
then assaulted the girl and after out-
raging her cut her throat in a struggle
in the yard.
His next step was to set fire to the
house to conceal his crime. The
girl's mother was in Oxford, and this
probably saved her life.
Mob Gathers.
Just before the fire neighbors heard
three shots and a pistol was found
near the well house. Sheriff Wheeler
had learned of a mob gathering and
by a misleading route got away from
it. A report of a mob forming to go
to Durham caused the negro to be
brought to Raleigh. He denies his
guilt, but the condition of his under-
clothing gives undoubted evidence
against him.

CREW RESCUED FROM PERILOUS POSITION

Big Norwegian Bark Petra Is Wreck-
ed off West Coast of Nova
Scotia.

(By Associated Press)
HALIFAX, N. S., Dec. 20.—The
snowstorms and gale that swept this
coast last night caused the wreck of
the big Norwegian bark Petra, bound
from Rio Janeiro for Halifax. In the
thick weather the captain lost his
bearings and the bark struck on the
dangerous ledges at West Penant,
three miles from Sambro, on the west
coast of Nova Scotia. All the crew
reached shore safely, although some
of them spent a hard time in the ice
covered rigging of the stranded ves-
sel. In spite of high seas running,
three of the crew, fearing the bark
would go to pieces, jumped into the
surf. They got ashore alive after a
desperate struggle. Captain Hansen
and the other twelve men of the crew
stayed by the ship but had to lash
themselves to the rigging to escape
the impact of the seas. Several times
fishermen attempted to reach the
wreck in boats, but were driven back.
When the sea had moderated Ephra
Mariott and his son, Hiram, leaders
of the little colony of fisher folk, suc-
ceeded in reaching the stricken bark.
The bark is a total wreck.

MORE SOLDIERS RUSHED TO SCENE OF BATTLE

Thousands of Men Are Hurried to
Vicinity of Deadly Conflict and Re-
volutionists Are Now Believed To
Be Perfectly Surrounded—Diaz
Forces Will Deal Crushing Blow.

(By Associated Press)
CHIHUAHUA, Dec. 20.—Forty-two
wounded government soldiers were
brought in today, thus confirming
reports that the troop train which left
here Saturday was shot to pieces in
the mountain trap known as Malpaso,
a few miles east of Pedernales, and
about 120 miles west of here.

The official report states that the
federalists lost 21 killed and 10 missing
and 42 wounded. The latter includes
Colonel Guzman, who was in com-
mand of the expedition.
The insurgents' loss is not known
here.

The train left here Saturday, travel-
ing in two sections, carrying three
field pieces on a coal car and 500 sol-
diers. Pancho Villa, the bandit, who,
while operating independently, still
regards the government as his enemy,
fired on the second section as it was
passing through Adana canon, but did
no damage.

Caught in Trap.
The mountains of Malpaso, how-
ever, swarmed with revolutionists.
They halted the first and second sec-
tions. Colonel Guzman disembarked
his troops and for five hours defend-
ed himself from the desperate charge.
He was in a trap, however. His en-
emy was on the heights, sheltered by
boulders and other protection north
of the mountains, and poured in a
deadly fire. He was unable to use his
big guns effectively on account of the
nature of the ground. Notwithstanding
his precarious condition and the
numbers of insurgents, he held his
ground for five hours. He was shot
through the leg, while the third of-
ficer in command was raked across the
stomach.

Withdraws From Battle.
Worn out with the one-sided battle,
Colonel Guzman loaded his dead and
wounded, together with the remain-
der of his force, onto the troop train
and ran back to Bustillos. Here the
uninjured disembarked and buried
their dead.
A freight train sent out from here
to load cattle at Bustillos was coun-
termanded and the wounded trans-
ferred to this train. It arrived early
today and the injured were taken to
the hospital El Corrosponsal.

MEXICO CITY, Dec. 20.—The Tenth
battalion of infantry, a battery of six

fantry, is said to have left Guadala-
ajara last night for the same destina-
tion.

MANT STILL FURTHER REVISION OF THE RULES

Insurgents are Dissatisfied
With Conduct of House
Committee

(By Associated Press)
WASHINGTON, D. C., Dec. 20.—
Further revision of the rules of the
house of representatives is con-
templated by the insurgent members of
that body. Conference were held to-
day and the exact form of amendmen-
ts that are to be offered at the earliest
possible moment.

The insurgents are not at all sat-
isfied with the manner in which the
new rule, giving the house power to
discharge committees "from the con-
sideration of a bill" was administered,
when its first trial occurred yester-
day. That rule was procured after a
hard fight last session to provide
the means whereby a bill could be
brought before the house when a com-
mittee refused to report it or delayed
too long in acting upon it.

Speaker Cannon ruled yesterday
that the postal reorganization bill
should be read in full when the mo-
tion was made to bring it before the
house. Less than one-fourth of the
bill could be read yesterday; and at
the same rate, it will take at least
three days to finish the reading. As
this business is recognized only every
first and third Monday of the month,
all notions of like character will be
delayed almost two months, before
the motion finally is put to the house
as to whether the postal bill shall be
considered.

The insurgents declare that this is
a restraint of business which can be
easily remedied by a small change in
the rule. They propose to offer an-
other amendment that will require
only the reading of the title of the
bill when the motion is made to dis-
charge the committee and to bring it
before the house.

HE DECLARES THE WAR SCARE SILLY

Major-General Wood Talks on
Sensation Occasioned by Re-
port on Country's Defense

ADVISES DEVELOPMENT OF MILITARY RESOURCES

Chief of Staff of the United States
Army Says There Is No Expected
Conflict, But Wars in the Future
Will Come Just as We Have Had
Them in the Past.
(By Associated Press)
WASHINGTON, D. C., Dec. 20.—
Major Gen. Leonard Wood, chief of
staff of the United States army, in
an address tonight at a banquet of
the Burnside Post, G. A. R., charac-
terized the so-called war scare as
"silly," declaring that he neither saw
any prospect of war nor had he any
fear of such a contingency, but sim-
ply had advocated careful reorganiza-
tion of the country's undeveloped
military resources.

"All of this silly talk," said Gen-
eral Wood, "may be answered by one
word of three letters, which I shall
not offend you to repeat. The army
is not afraid of war nor is it filled by
the valor of ignorance. Our military
resources will continue to be invalu-
able if the other fellow gives up, but
we don't think he will."

"The work of the army at present
is to do the best it can in developing
the country's military resources and
to be of assistance in organizing the
militia and with a view of extending
the work that we have asked for 600
to 700 additional officers."

"All of us are interested in many
ways in developing the latent mili-
tary resources which we have in
times of peace. We expect war in the
future just as we have had them in
the past. We know that by arbitra-
tion many small difficulties will be
settled, but we believe that the coun-
try's resources should be ready to de-
fend her interests when necessary.
For as long as nations believe that
they are right, they will fight."

SHAKEN BY EXPLOSION

Buffalo Greatly Excited Over Accident:
Similar to One in New York.

BUFFALO, N. Y., Dec. 20.—An ex-
plosion, similar in many respects to
the one that occurred in New York
on Monday, shattered the windows of
several cars and startled passengers
on board New York Central trains
around shortly before 12 o'clock to-
night. The explosion occurred at a
point where the pipes which supply
gas to cars branches in two direc-
tions and where a valve is located.
The cause has not been ascertained.
A flame shot up into the air forty
feet, lighting the train shed. The
Wolverine-Express, eastbound from
Chicago to New York, was on a track
nearby and there was intense excite-
ment among the passengers. Sev-
eral of them were slightly cut by fly-
ing glass, but no one was seriously
hurt.

EXONERATES BOXER IN DEATH OF HIS OPPONENT

Philadelphia Coroner Says Prize
Fighter Takes Same Chances
as Football Player.

(By Associated Press)
PHILADELPHIA, PA., Dec. 12.—"A
prize fighter takes the same chances
of death as a football player when
he enters a contest," said Coroner
Ford today when he discharged John
Kalme, a young pugilist, from cus-
tody, and exonerating him from all
blame in the death of John Embel,
whose skull was fractured in a bout
at the Nonpareil Athletic Club last
Friday night.

"We don't hold a football team re-
sponsible for a death, and I see no
reason to hold a prize fighter," added
the coroner.
The bout which ended fatally was
between Embel, who is better known
as "Kid Gardner," and Kalme, known
in the prize ring as "Johnny Kain."
In the fifth round, when both boys
were apparently on even terms, Kalme
struck Embel a straight arm blow on
the jaw. Embel fell like a log and
his head struck the floor. He was
carried from the ring to a hospital,
where he died the next day.

A host of young fighters, with their
seconds, testified that the blow which
Embel received was not hard enough
to floor a child.

RAILROAD WINS CASE

South Carolina Is Defeated in Attempt
To Dissolve Merger.

(By Associated Press)
COLUMBIA, S. C., Dec. 20.—After
a trial lasting more than three weeks,
a jury in the county court today re-
turned a verdict in favor of the South-
ern railway in the suit in which the
state of South Carolina sought to dis-
solve the merger of the Southern and
several state roads, in Asheville &
Spartanburg railroad, the South Car-
olina & Georgia, the South Carolina
& Georgia Extension and the Car-
olina Midland.
In his charge Judge Shipp held that
competition as used in the constitu-
tional prohibition of a merger of com-
peting or parallel lines applies to
lines that compete substantially and
legally. Competition on business
handled by connections with other
lines at junction points or on short
stretches of parallel lines, the court
held, could not be considered within
the prohibitive class.
The state is expected to take an ap-
peal.

will case, but the woman, who is
fighting for \$2,500,000 as her daugh-

cross-examiners but fought back.
The questions hurled at her made

"I said they were forgeries, em-

James R. Wood is the Boston de-

mony, arranged a settlement between
Pope and Mrs. Turnbull in 1894, when
Pope is said to have purchased for
her a house in Pasadena.

Wood was in court, and when Mrs.
Turnbull expressed doubt as to the
authenticity of one of the letters, said
to have been written by her, Calvin

would refresh her memory by giving
her a glimpse of Wood.

INSPECTORS GUARD STEAMER HORNET

PROTEST IS MADE BY HONDURAN MINISTER

Official Says He Has Good Reason
to Think the Former United States
Gunboat Is Ready to Engage in Fil-
ibuster in His Country—State De-
partment Orders Precaution.

(By Associated Press)
NEW ORLEANS, La., Dec. 20.—
The United States revenue cutter
Day today anchored alongside the
steamer Hornet and special customs
inspectors were placed on shore op-
posite the Hornet's anchorage with
instructions to report promptly any
activities observed in connection with
her preparations for sailing. A special
agent of the Honduran govern-
ment also was keeping watch on the
craft.

Protests to United States

WASHINGTON, D. C., Dec. 20.—
The Honduran minister today protest-
ed to the state department against per-
mitting the departure of the
steamer Hornet from New Orleans,
on the ground that the vessel con-
templated leading a revolutionary ex-
pedition against President Davila.
The complaint was based upon ad-
vice received from the Honduran
consul at New Orleans, who reported
that he was convinced that the Hor-
net would be used in a filibustering
expedition against the government.
The minister, in the light of this in-
formation, laid the matter before the
state department officials for such
action as the government deemed
proper to prevent the alleged utiliza-
tion of a part of the United States
as a base of war operation.

Ordered to Prevent Landing

It is realized that the Hornet might
meet another vessel at sea and em-
bark men and arms. Or they might
be taken aboard at some little fre-
quented Central American port, as
was done in the case of the Venus,
which was purchased by the Madris
faction in Nicaragua to operate
against Estrada. To prevent a rep-
etition of that affair, orders have been
sent to the commander of the United
States steamer Tacoma, now at
Puerto Cortez, to endeavor to prevent
the landing on the Honduran coast of
any expedition that appears to have
originated in the United States.

Meanwhile there have been some

troubles in Honduras to distress
President Davila, according to a tele-
graphic report to the state depart-
ment from United States Minister Mc-
Creary, dated Tegucigalpa. The min-
ister says that last Friday Colonel
Albarado, of the Honduran army, led
an uprising against the government
at a place called Alliance, on the Sal-
vadoran frontier. The government
troops dispersed the band, several of
whom crossed the frontier into Sal-
vador, including the leader, Colonel
Albarado.

The president of Salvador, upon the

request of President Davila, has or-
dered Salvadoran troops to guard
the frontier. Mr. McCreary concludes
that it is not yet absolutely clear
whether the attempted uprising was
to be ultimately directed against Hon-
duras or Salvador.

May Get To Mexico

MEXICO CITY, Dec. 20.—The Mex-
ican gunboat General Bravo has been
ordered to proceed from Vera Cruz
northward, to observe the movements
of the Hornet, which is said to be
about to sail from New Orleans. Spec-
ulation as to the Hornet's destination
has included Mexican ports as a pos-
sibility with the purpose of aiding
the revolutionists.
